How Our Top Doctors Are Selected

Castle Connolly Medical Ltd. is a healthcare research and information company cofounded in 1992 by a former medical college board chairman and a former medical college president to help guide consumers to America's top doctors and top hospitals. Castle Connolly's established nomination survey, research, screening, and selection process, under the direction of an MD, involves many hundreds of thousands of physicians, as well as academic medical centers, specialty hospitals, and regional and community hospitals all across the nation. Castle Connolly's physician-led team of researchers follows a rigorous screening process to select top doctors on both the national and regional levels. Its online nominations process — located at www.castleconnolly.com/nominations — is open to all licensed physicians in America who are able to nominate physicians in any medical specialty and in any part of the country, as well as indicate whether the nominated physician is, in their opinion, among the best in their region in their medical specialty or among the best in the nation in their medical specialty. Careful screening of doctors' educational and professional experience is essential before final selection is made among those physicians most highly regarded by their peers. The result — we identify the top doctors in America and provide you, the consumer, with detailed information about their education, training, and special expertise in our paperback guides, national and regional magazine "Top Doctors" features, and online directories.

Doctors do not and cannot pay to be selected and profiled as Castle Connolly Top Doctors.

Physicians selected for inclusion in this magazine's "Top Doctors" feature may also appear online, at www.castleconnolly.com, or in conjunction with other Castle Connolly Top Doctors databases online and/or in print.

Castle Connolly Medical Ltd. was acquired by Everyday Health Group (EHG), one of the world's most prominent digital healthcare companies, in late 2018. EHG, a recognized leader in patient and provider education, attracts an engaged audience of more than 53 million health consumers and more than 780,000 U.S. practicing physicians and clinicians to its premier health-and-wellness websites. EHG combines social listening data and analytics expertise to deliver highly personalized healthcare consumer content and effective patient engagement solutions. EHG's vision is to drive better clinical and health outcomes through decision-making informed by highly relevant data and analytics. Healthcare professionals and consumers are empowered with trusted content and services through the Everyday Health Group's flagship brands, including Everyday Health®, What to Expect®, MedPage Today®, Health eCareers®, PRIME® Education, and our exclusive partnership with MayoClinic.org® and The Mayo Clinic Diet®. Everyday Health Group is a division of J2 Global Inc. (NASDAQ: JCOM) and is headquartered in New York City.

The Top Doctors list is provided by independent healthcare research company Castle Connolly Medical Ltd. The honorees are nominated and rated by other physicians. Doctors who want to update their specialties or affiliations can do so at www.castleconnolly.com.
